

Time: Choose your own length of trip

Season: All year

If you're planning a holiday between Melbourne and Sydney, here's the perfect detour. Come and experience the landscape, legends and history of Victoria's famous High Country located in north east Victoria, where the 'Man from Snowy River' movie was created. Adventure Victoria makes it so easy, with four of the High Country's top experiences.

It could include a High Country mountain cattleman horse ride and a world-class rafting journey on the Upper Murray River. Why not add a paddle with a platypus or an introduction to abseiling with one of Australia's most experienced mountain guides.

We make it easy for you, just follow the link and you can check availability of all our tours, and then book the ones that appeal to you and travel between them at your own leisure.
