Unlike classic rafting, sports rafting allows you to tackle the river personally. The one or two person sports raft brings you closer to the water, pits you against the rapids and provides the maximum adrenalin rush, whilst under the supervision of our experienced guides. Calm the adrenalin rush with a relaxing swim in the pristine pools. Enjoy the amazing birdlife and savour the majestic scenery including the rare grass trees! Before we get on the river, you will be trained in the operation of your raft. It is affordable, nail biting, exhilirating and a great way to enjoy the summer time.
